

LIPEDEMA AWARENESS MONTH 2-PART WEBINAR SERIES

PART 1: The Lipedema Landscape A Head-to-Toe Assessment and Addressing Canada's Awareness Gap

Wed. June 11, 2025 | 7-8:30pm ET (4-5:30pm PT)

This session introduces lipedema from a clinical and patient-centred perspective. It provides a comprehensive head-to-toe assessment guide, explores barriers to assessment, diagnosis, and care, and emphasizes the need for interprofessional collaboration in managing this under-recognized condition.

PART 2: 8 Surprising Truths About Lipedema – and How Canadians Are Still Being Left Behind

Thurs. June 12, 2025 | 7-8:30pm ET (4-5:30pm PT)

Building on the first session, this webinar highlights the systemic gaps in lipedema care, including health equity issues, gendered impacts, clinician education, and the lived experiences of those navigating Canada's healthcare system with a lipedema diagnosis.
